Spirion Agent Release Notes

Agent Release Notes

Version 12.6.1
Release date: 08.15.2023

Bug Fixes and Improvements

- Resolved issue with Cloud Drive delete history by allowing deletion of the file history based on Agent Policy and Scan Settings.
- Resolved Amazon S3 remediation delays.
- Resolved issues with Windows Fast/Intense and DOD shred.
- Resolved issue of Duplicate Task Files in the Task folder on Sensitive Data Scan.
- Resolved issue where fixed tasks were deleted before a Scan was finished.
- Improved customer experience with SharePoint Authentication Method and Read Only Permissions.
